

Farm-Ag Property

For carriers looking to grow in specialized farm and agriculture operations, or farm and ag as a whole, AAIS delivers a modular, modern program that enables carriers to tailor products to their appetite.

AAIS forms and endorsements provide options to insure specialized farm and ag operations such as agritainment, precision farming, and commercial agribusiness. A start-up farm-ag program will find the flexibility to write a range of operations, from hobby to large processing.

Member Value

- A modular property program that allows policies to be written monoline or packaged with AgGL or other liability solutions.
- More than 60 endorsements to address farm and agribusiness, such as drones and agritainment.
- Easy to read forms with consistent language.

High-Tech Delivery

- AAIS content is easily integrated into policy administration systems, such as BriteCore.
- Technology consultants, like Marias Technology, help AAIS Members understand their needs and align solutions to strengthen efficiency and effectiveness in implementation.

Dedicated Service

- AAIS Farm-Ag advisors stand ready to respond to Member inquiries.
- Dedicated onboarding specialist.
- Our dedicated compliance team tracks state-level jurisdictional activities from start to law and provides speedy product updates and filings to help carriers stay compliant.

- AAIS will provide preview, side-by-sides, and other onboarding services for prospects.
- Ongoing communication and knowledge sharing in bulletins, advisory, and other expert exchanges.
- Tailored solutions for custom product development providing carriers with compelling, unique program offerings.
- Initial filing adoption of standard AAIS products in all states where the carrier will write business.
- Relieve carriers of statistical reporting burden so they focus on their core business operations.
