AgGL

For carriers looking to start a new or grow an existing program for farm-ag operations, or specialize in farm-ag as a whole, AAIS programs cover both Farmowners and Commercial Ag operations.

AAIS delivers a flexible program that enables carriers to customize products to their appetite. Forms and endorsements also provide options for coverage of specialized farm-ag operations, such as agritainment, precision farming, and commercial agribusiness.

Member Value

- An industry-leading program specifically designed to provide solutions for Farm-Ag and Commercial Liability exposures.

- Coverage forms that can be written stand-alone.

- A modular program, allowing for policies to be either monoline or packaged with Farm-Ag Property or other property solutions.

- More than 360 classifications to address granular farm-ag operations, including risks from drones and agritainment.

High-Tech Delivery

- Online delivery of policy forms and manuals.

- Technology consultants, like Marias Technology, help carriers understand their needs and aligns solutions to strengthen efficiency and effectiveness in implementation.

- Product implementation of technical assets.

Dedicated Service

- AAIS Farm-Ag advisors stand ready to respond to Member inquiries.

- Dedicated onboarding specialist.

- Our dedicated compliance team tracks state-level jurisdictional activities from start to law and provides speedy product updates and filings to help carriers stay compliant.

- AAIS will provide preview, side-by-sides, and other onboarding services for prospects.

- Ongoing communication and knowledge sharing in bulletins, advisory, and other expert exchanges.

- Tailored solutions for custom product development providing carriers with compelling, unique program offerings.

- Initial filing adoption of standard AAIS products in all states where the carrier will write business.

- Relieve carriers of statistical reporting burden so they focus on their core business operations.
