

Commercial Auto

The AAIS Commercial Automobile Program is a solution containing the most current, legacy-free language available in today's market. This includes Business Auto, Motor Carriers, and Auto Dealers program, completing the commercial suite of products for our Members.

Comprehensive Commercial Auto

The AAIS Commercial Automobile Program serves the Business Auto, Motor Carrier, and Auto Dealer segments. It brings a complete suite of base forms, state-specific endorsements, and optional endorsements to meet the ever-evolving needs of your customers.

Tailored for All Jurisdictions

AAIS provides a suite of optional and unique endorsements for every jurisdiction, building on our vigilant monitoring of state legislative and regulatory activity and strong industry relationships.

High-Tech Delivery

AAIS Commercial Auto provides a complete suite of forms, endorsements, and guidance, ready to implement the content in a policy management system of your choice. With electronic access through AAISdirect, building and operating a commercial auto program has never been faster or easier in any jurisdiction.

AAIS Commercial Auto Products

- ■ Business Auto Policy
- ■ Motor Carriers Policy
