

Personal Auto

The AAIS Personal Automobile Program is a solution containing the most current, legacy-free language available in today's market. It is designed to help ensure your personal auto program remains compliant with regulatory expectations and consumer needs.

Comprehensive Personal Auto

The AAIS Personal Automobile Program serves preferred, standard, and non-standard personal auto segments. It brings a complete suite of base forms, state-specific endorsements, and optional endorsements to meet the ever-evolving needs of your customers.

Tailored for All Jurisdictions

AAIS provides a suite of optional and unique endorsements for every jurisdiction, building on our vigilant monitoring of state legislative and regulatory activity and strong industry relationships.

High-Tech Delivery

AAIS Personal Auto provides a complete suite of forms, endorsements, rules, and guidance, ready to implement in a policy management system of your choice. With electronic access through AAISdirect, building and operating an auto program has never been faster or easier in any jurisdiction.
