

# Inland Marine Guide

For insurance carriers seeking a comprehensive, best-in-class inland marine program with extensive industry acceptance, AAIS delivers the industry's premier resource for forms, rating procedures, underwriting guidelines, and other information for the traditionally nonfiled inland marine classes.

To ease implementation, AAIS's Inland Marine Guide forms, rules, and rating procedures are filed in jurisdictions that do not exempt inland marine insurance from filing requirements.

## Member Value

- More than 450 multistate forms, endorsements, and schedules, plus required state-specific endorsements for the following classes:
  - **Construction:** Builders' Risk, Civil Works Projects, Contractors' Combination, Contractors' Equipment, Installation Floater, Riggers Coverage
  - **Communications:** Radio and TV Towers and Equipment
  - **Electronic Data Processing:** Coverage for hardware, software, and data compromise
  - **Fine Arts:** Fine Art Dealers, Fine Arts Floater, Museum Coverage
  - **Floaters:** Bailee, Exhibition, Processing Risks, Sales Representatives, Scheduled Property, Mobile Equipment, Patterns and Dies
  - **Logistics:** Warehouse Operators, Motor Truck Cargo, Contingent Cargo
  - **Transit:** Trip Transit, Owners' Cargo
  - **Other:** Difference in Conditions, Drones, Equipment Sales and Rental, Installment Sales, Infrastructure Property, Irrigation Equipment, Mobile Medical Equipment, Renewable Energy Generating Equipment, Railroad Rolling Stock, Cold Storage Lockers, Golf Courses
- Rating procedures with guidelines for selecting loads and factors
- Reference material to effectively write inland marine coverages, including:
  - Underwriting guidelines that address risk selection, hazards, optional coverages, and loss control
  - Detailed explanation of coverage
  - Coverage form comparisons
- Sample disclosure notices
